**FREIGHT TARIFF DT-9050**  
(CONTINUED)

---

**INSPECTION RULES AND CHARGES**

**THE FOLLOWING RULES AND CHARGES ARE APPLICABLE TO INSPECTIONS ON THE DECATUR JUNCTION RAILWAY CO. (DT)**

Any time any locomotive, track, bridge, culvert, signal, crossing protection device, or other railroad facility or fixture may have suffered damage due to the actions of a third party, DT shall, as soon as is practical, perform a safety inspection of such property.

**Rates for such inspections are as follows:**

Locomotive inspection	\$ 750.00
Track Inspection	750.00
Signal / Crossing Protection Device	750.00
Bridge / Culvert / Trestle	1,500.00
Bridge requiring special equipment/personnel, etc.	5,000.00
Railcar	250.00
Miscellaneous facility / fixture	250.00

The above charges are to assess the extent of damage and need for repair/replacement of the track/facility/fixture. These charges do not cover the cost of such repair or replacement.

This Tariff issued under the authority of the Interstate Commerce Act, 49 U.S.C. Section 10702.
